President's Message, by Matt Soldano

The election is less than six weeks away! It may seem trite, but I believe this election is the most important in many years. We must reelect the president and a Republican congress. Biden and his progressive democrats/socialists want to remake the United States. They are talking about packing the Supreme Court and adding Puerto Rico and Washington, DC as two more states with democratic senators. They want universal healthcare and trillion-dollar tax increases. They want to ban fracking which will raise gas prices and put thousands out of work. And that is only the beginning!

Please volunteer to help. We need people for phone calling and door knocking. We need to contact our neighbors and friends. Sign up at our office at 250 S. Tamiami Trail and/or call 941-480-1387. We are open 9-5 Monday thru Saturday. We have signs, bumper stickers, voting guides, and sample ballots at the office.

Congratulations to Peachie and Dale DeYoung who were selected as this week's super volunteers by the Sarasota County Republican Party!

Our meeting will be on October 14. Our Eat-and-Greet luncheon will be at Perkins on October 28. At the October meeting, we will be forming a nominating committee to develop a slate of officers for 2021.

The annual Christmas Party will be held on Wednesday, December 9 at Plantation Golf and Country Club. The price will be \$30, the same as last year. More information will be coming shortly.

If you have any questions, give me a call at 401-792-8132 or email me at matt1934@yahoo.com. Matt

A Leader Who Needs Our Prayers!! Author Unknown, Edited Excerpts, Submitted by Dan Church

Look at this man for one second--A 74-year-old man coming back home from work at 2AM while most men his age are retired in their vacation homes. He comes back after a long day that probably started before the sun rose and gets back home exhausted with his tie open and hat in his hand feeling that an accomplished day is finally over. He is in the age of many people's grandfathers, great grandfathers, or my grandfather when he passed away, but this man just came back home from working for me, for you. He could have retired happily and played golf all day long. But this man put his wealth aside and went to work for free, for \$1 a year, for me, for you, for us, for America.

While other presidents became rich from the presidency, this man lost over 2 billion dollars of his wealth during this short 4 years of his life—only to get ambushed every single day by the media and the radical left democrats who trash this man who works for them until 1AM for free!

He doesn't do it for money or power; he already had that. He is doing it so American houses will be safe, schools will get better, people will be able to find jobs or start new businesses and be able to keep a few dollars in their pockets at the end of the month.

Look at this picture again and ask, Where is the respect? Honor? Appreciation? Are you blind to not see a thing this man is doing for you and your family? That blind that after all his work for minority groups in America you keep calling him a racist? I am the son of an Auschwitz survivor and someone who lost 99% of my family to the camps and ovens of Nazi Germany. And I'm no fool! DONALD TRUMP IS NO RACIST OR ANTI-SEMITE! Do you not see how much this country has developed in the last 4 years?

President Donald J. Trump, I want to thank you with all my heart. I am so sorry for the blind hatred you have had to endure. You are a good and generous man. What I think about often is what kind of people can be so hateful in their hearts to spew such hate and evilness, not just at you but at your family too? People so sure they have not been manipulated. People who believe their hatred is their own. But for why, they can't articulate.

What kind of people are these? People not realizing they have been manipulated and brainwashed by such a deep-rooted evil media and democrat party. The American people are in a bad place right now...in their hearts and souls. God help us--Trump is not the problem. What kind of people are these?

Major peace deals signed at the White House! *The White House*, September 15, 2020

History was made today at the White House as leaders from Israel, the United Arab Emirates, and Bahrain met with President Trump and signed the Abraham Accords, which will normalize diplomatic relations between Israel and the two Arab nations.

Before this summer, only two peace deals involving Israel had been negotiated in the last 72 years, with the most recent coming in 1994. During the past month alone, President Trump has helped broker two such agreements.

"Today the world sees that [these nations] are choosing cooperation over conflict, friendship over enmity, prosperity over poverty, and hope over despair," President Trump said.

President Donald Trump expects "seven or eight or nine" additional Arab states to sign peace agreements with Israel in the near future, including Saudi Arabia, he announced Tuesday during a White House ceremony. *Dailycaller.com*, September 15, 2020.

Inside look at the Biden Family, Anonymous from the Internet, September 5, 2020, Edited Excerpts. [Check websites for sources]

I fully understand that just about every family has a black sheep or stuff hidden in the family closet. My question is, are the Bidens the kind of family that should represent our country? For over four years the left has painted Trump and his family with a very large black brush. Why? Mostly because he soundly beat their alleged winner in the 2016 election. They say he's rude; they're right. They say he's brusque; they're right. They say he's not presidential, whatever that means, and he's surely different. But ask yourself what has he done, what has he actually accomplished? If you're being honest it's a fairly long list. He's been called just about every nasty name he could be called—like racist. He's the president who actually helped the black community by getting a law passed to treat blacks more fairly in sentencing. He is the only president to secure permanent funding for the HBCU's. And with Senator Tim Scott, he set up opportunity zones for small businesses to succeed in the black community. He worked with the senate on police reform. Racist? NO! I could go on, but if you don't get it now you won't or don't want to.

Now, let's take a look at the Biden family.

Biden's Niece, Caroline Biden: Stole \$100,000 in 2017 through a credit card scam (grand larceny), cut a deal with democrat NY prosecutors, and got off scot free without jail time or probation. This was her second arrest. She was able to deal her way out of that one too. She has also been to rehab numerous times.

<https://nypost.com/2017/06/09/joe-bidens-niece-dodges-jail-after-100k-credit-card-scam/>

Biden's Son Hunter: Was kicked out of the navy for failing a cocaine drug test. More: How did he ever get a naval officer's direct commission? Daddy fixed it!

[https://www.nbcnews.com/news/us-news/joe-biden's-son-hunter-kicked-out-navy-cocaine-n227811](https://www.nbcnews.com/news/us-news/joe-bidens-son-hunter-kicked-out-navy-cocaine-n227811)

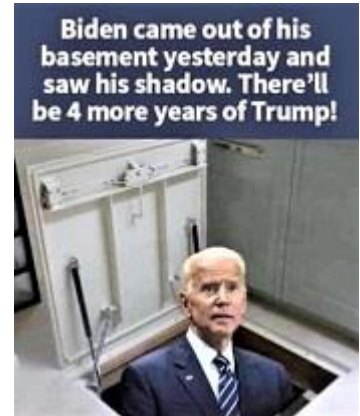

Then Hunter divorced his wife, mother of his three daughters, after a yearlong affair, to marry his brother's widow. Who does that? Over the course of the divorce, Hunter drained hundreds of thousands of dollars from the couple's assets by "spending extravagantly on *his* interests (drugs, alcohol, prostitutes, strip clubs, and gifts for women with whom he had sex)," while leaving the family with no funds to pay legitimate bills. It actually was worse than that, all outlined here:

<https://www.delawareonline.com/story/news/2017/03/02/kathleen-biden-files-divorce-hunter/98638454/>

This is all on top of the billions his father dubiously arranged for him from communist China & Ukraine. <https://nypost.com/2018/03/15/inside-the-shady-private-equity-firm-run-by-kerry-and-bidens-kids/>

Biden's Daughter with Jill, Ashley Biden Krein: Has been arrested several times for drug charges. While he was VP, she was videoed snorting coke, but the MSM decided to not publish the video. She hid out in the VP Delaware home for a week or so until things calmed down. <https://nypost.com/2009/03/30/parties-pot-in-ashley-bidens-past/>

Okay...all God's children have problems...but what if these things had happened to the Trump children? The Trump kids are truly beyond reproach. Biden has a passel of miscreants. Democrats are not interested in subpoenaing the Biden kids' bank and credit card accounts, are they? Why don't we hear any of this from the networks or read it in the "great" national newspapers? Nothing to see here?... just move along? Really? No way!

Wake Up America! Author Unknown, Submitted by Dot Scheeres, Sept 4, 2020.

[I have no idea who penned this but I, for one, am grateful for the well thought out message, Dot Scheeres]

I never dreamed that I would have to face the prospect of not living in the United States of America, at least not the one I have known all my life. I have never wished to live anywhere else. This is my home and I was privileged to be born here. But today as I had my morning coffee, I realized that everything is about to change. No matter how I vote, no matter what I say, something evil has invaded our nation, and our lives are never going to be the same.

I have been confused by the hostility of family and friends. I look at people I have known all my life--so hate-filled that they agree with opinions they would never express as their own. I think that I may well have entered the Twilight Zone. You can't justify this insanity. We have become a nation that has lost its collective mind!

- If a guy pretends to be a woman, you are required to pretend with him.
- Somehow it's un-American for the census to count how many Americans are in America.
- Russians influencing our elections are bad, but illegals voting in our elections are good.
- It was cool for Joe Biden to "blackmail" the President of Ukraine, but it's an impeachable offense if Donald Trump inquires about it.
- Twenty is too young to drink a beer, but 18 is old enough to vote.
- People who have never owned slaves should pay slavery reparations to people who have never been slaves..
- People who have never been to college should pay the debts of college students who took out huge loans for their degrees.
- Immigrants with tuberculosis and polio are welcome, but you'd better be able to prove your dog is vaccinated.
- Irish doctors and German engineers who want to immigrate to the US must go through a rigorous vetting process, but any illiterate gang-bangers who jump the southern fence are welcome.
- \$5 billion for border security is too expensive, but \$1.5 trillion for "free" health care is not.
- If you cheat to get into college you go to prison, but if you cheat to get into the country you go to college for free.
- People who say there is no such thing as gender are demanding a female president.
- We see other countries going socialist and collapsing, but it seems like a great plan to us.
- Some people are held responsible for things that happened before they were born, and other people are not held responsible for what they are doing right now.
- Criminals are caught-and-released to hurt more people, but stopping them is bad because it's a violation of THEIR rights.
- And pointing out all this hypocrisy somehow makes us "racists"?

Nothing makes sense anymore—no values, no morals, no civility. And people are dying of a Chinese virus, but it is racist to refer to it as Chinese even though it began in China. We are clearly living in an upside-down world where right is wrong and wrong is

right, where moral is immoral and immoral is moral, where good is evil and evil is good, where killing murderers is wrong, but killing innocent babies is right.

Wake up America, the great unsinkable ship Titanic America has hit an iceberg, is taking on water, and is sinking fast. The choice is yours to make. What will it be? Time is short, make your choice wisely!

The Morning Briefing: Dems are About to Learn How Much Republicans are Still Seething Two Years after Kavanaugh Hearings, By Stephen Kruiser, *pjmedia.com*, September 21, 2020, Excerpts.

Every time we peek around another corner in 2020 something uglier is lurking down a dark alley. The death of Ruth Bader Ginsburg on Friday probably means that the United States of America has an even slimmer chance now of finding a “one big happy family” vibe before the holidays. Republicans are going to do their jobs, much to the chagrin of the Democrats. The people who have been redefining contentious politics in America for decades are feigning horror that their opponents would be pressing an advantage. The Democrats spent eight years messiah-worshipping a president whose public justification for ramrodding his health care plan through was “I won.” Well, we won too!

The Democrats are an unstable and emotional lot on their best days. Their politics, after all, are logic-free and purely emotion-based. They’ve been spinning out since January 20, 2017 and it’s going to get even more crazy as the Republicans move to replace Ginsburg before the election. They’re not going to take this well.

Whatever grief the Democrats get in the next month or two was brought about by their treatment of Brett Kavanaugh two years ago. Their behavior toward Kavanaugh was abominable and unforgivable. And unforgettable.

It’s fitting that the symbol for the GOP is an elephant. Elephants are renowned for their memories. The Republicans haven’t forgotten the Democrats’ vindictive psychosis from the summer of 2018.

Media Completely Ignored Thousands of Cubans Rallying for Trump in Florida at Mother of All Caravans, By Alicia Powe, the *gatewaypundit.com*, September 19, 2020, Submitted by Dale DeYoung, Excerpts.

A massive caravan of Cuban-Americans rallied in support of President Donald Trump in the Sunshine State on Sunday shouting through megaphones to let the world know about their support for the president.

Over 4,000 cars and trucks ascended on Florida’s Doral Central Park, flying Trump 2020 flags and blaring their horns while people hung out of their sunroofs and windows waving Trump flags. Their car windows were painted with slogans like “No Communism,” “Vote for Trump,” and “Free Cuba.”

Gaslighting, No, you're are not crazy! Author Unknown, September 4, 2020.

Have you ever asked yourself, "Am I crazy?" If you have ever asked yourself that, you're not crazy, you're most likely being gaslighted. Gaslighting is a form of psychological abuse aimed at controlling a person by altering reality to the point where the person will doubt their own sanity.

The term "gaslighting" comes from a 1930's play called Gaslight. The main character in the play tries to drive his wife crazy by gradually dimming the gas-powered lights in their home. When she notices the lights dimming, her husband not only denies that the lights are dimming, he convinces her that she is imagining it to the point where she questions her own sanity.

We are living in a perpetual state of gaslighting. The reality that we are being told by the media is at complete odds with what we are seeing with our own two eyes. And when we question the false reality that we are being presented, or we claim that what we see is the actual reality, we are vilified as racist or bigots or just plain crazy. You're not racist. You're not crazy. You're being gaslighted. Here are some examples:

- New York State has twice as many deaths from Covid-19 than any other state, and New York has accounted for one fifth of all Covid-19 deaths, but we are told that New York Governor Andrew Cuomo has handled the pandemic better than any other governor. But if we support policies of governors whose states had only a fraction of the infections and deaths as New York, we're called anti-science and wanting people to die.
- We see mobs of people looting stores, smashing windows, setting cars on fire and burning down buildings, but we are told that these demonstrations are peaceful protests. And when we call this destruction of our cities, riots, we are called racists.
- We see the major problem destroying many inner-cities is crime; murder, gang violence, drug dealing, drive-by shootings, armed robbery, but we are told that it is not crime but the police that are the problem in the inner-cities. We are told we must defund the police and remove law enforcement from crime-riddled cities to make them safer. But if we advocate for more policing in cities overrun by crime, we are accused of being white supremacists and racists.
- The United States of America accepts more immigrants than any other country in the world. The vast majority of the immigrants are "people of color," and these immigrants are enjoying freedom and economic opportunity not available to them in their country of origin, but we are told that the United States is the most racist and oppressive country on the planet, and if we disagree, we are called racist and xenophobic.
- Capitalist countries are the most prosperous countries in the world. The standard of living is the highest in capitalist countries. We see more poor people move up the economic ladder to the middle and even the wealthy class through their effort and ability in capitalist countries than any other economic system in the world, but we are told capitalism is an oppressive system designed to keep people down.
- Communist countries killed over 100 million people in the 20th century. Communist countries strip their citizens of basic human rights, dictate every aspect of their lives, treat their citizens like slaves, and drive their economies into the ground, but we are told that communism is the fairest, most equitable, freest and most prosperous economic system in the world.

I don't think this has ever happened before in the history of Politics!
#DemocratsforTrump! 🇺🇸

- The most egregious example of gaslighting is the concept of “white fragility.” You spend your life trying to be a good person, trying to treat people fairly and with respect. You disavow racism and bigotry in all its forms. You judge people solely on the content of their character and not by the color of their skin. You don’t discriminate based on race or ethnicity. But you are told you are a racist, not because of something you did or said, but solely because of the color of *your* skin.

Gaslighting has become one of the most pervasive and destructive tactics in American politics. It is the exact opposite of what our political system was meant to be. It deals in lies and psychological coercion, and not the truth and intellectual discourse. Trust yourself, believe what’s in your heart. Trust your eyes over what you are told. Never listen to the people who tell you that you are crazy, because you are not, you’re being gaslighted!

Best presidents this country has ever had!
