

Dear Mr. President,

Difficult times require unique leaders like yourself to lead us. But you need our support. I hereby declare that “We the People” have your back in your efforts to restore our faith in the U. S. election process. “Stay the Course”, a rally cry that worked well during the Revolutionary War, may need to be resurrected in these dire times.

I request that you DEMAND A FULL AUDIT of the 2020 General Election for all 50 states. We can no longer ignore the increased corruption and fraud that each succeeding election absorbs. Make this election our line in the sand and let’s make this and future elections corruption and fraud free. Our Republic depends on it. Let’s DO IT NOW!  
God Bless America,

**President Donald J. Trump**
