

MERRY CHRISTMAS

If you have not made your reservation for our Christmas Party, RSVP by December 4 to Terry Angley at 412-9121!

CHRISTMAS PARTY, Wednesday, December 9, 2020

NOTE: There will be no regular club meeting in December

President's Message, by Matt Soldano

This is the hardest message I have had to write for our newsletter. It appears that President Trump has lost the election although he has not conceded. The combination of election shenanigans by the big city democrat machines, daily fake attacks by the MSM, and lies about the President's record cost us the election. The victories by Republicans across Florida and the country are due to President Trump's accomplishments. The Establishment was out to get him!! Our thanks to Governor DeSantis and Senators Rubio and Scott for their support of the president. The articles below were written or submitted by club members. They reflect their views of the election results.

In Sarasota, the results were good. The Venice campaign office, led by the RCSSC, Peachie and Dale DeYoung, Rich Mazur, Alyxx Young, Randy Wedin and others was far and away the best in the county.

Our club membership reached 374 people! We had more campaign volunteers than the rest of the county combined. In 2021, we must redouble our efforts to prepare for the critical 2022 elections with so many statewide races.

Our Christmas Luncheon is on December 9 at Plantation. The cost is \$30. We are taking Covid precautions. Get your reservations to Terry Angley. It is always a great time. We will announce the slate of candidates for the 2021 offices at the luncheon.

The election will be conducted at the January meeting. Only members who have paid their 2021 dues can vote so please **send in your dues or pay at the next two meetings!!** The dues will remain at \$25/40.

I want to **thank all of you for the support the officers and I have received during the last year.** If you have any questions or suggestions, please let me know--401-792-8132. Matt Soldano,

The Election Was Conducted Under a “National Emergency” Trap Laid for Democrat Fraud, *naturalnews.com*, November 13, 2020, Submitted by Don O’Nesky, edited excerpts. [<https://www.naturalnews.com/2020-11-13-2020-election-took-place-under-a-trump-declared-national-emergency.html>]

If you think President Trump is NOT already 5 steps ahead of the cheating Democrats, then you just haven’t been paying attention the last 4 years. Do you think he was really caught by surprised by all their cheating? No! He knew it was coming. His team knew it was coming. And they were ready.

This story begins with the little-known executive order signed into existence on September 12, 2018, by President Donald J. Trump. That order, available at [Whitehouse.gov](https://www.whitehouse.gov), is entitled, “Executive Order on Imposing Certain Sanctions in the Event of Foreign Interference in a United States Election.”

In that executive order, which almost no one has covered since the day it was signed, President Trump declares a national emergency. That emergency is still in play to this day, and the 2020 election was conducted under this state of emergency, which is a crucial point to understand what’s coming next.

In the EO, the President states that people and organizations located, in part, outside the United States are known to be able to, “interfere in or undermine public confidence in United States elections, including through the unauthorized accessing of election and campaign infrastructure or the covert distribution of propaganda and disinformation.”

The EO further states that this foreign interference in U.S. elections, “constitutes an unusual and extraordinary threat to the national security and foreign policy of the United States.” Why is this relevant to anything we’re seeing right now with the massive election fraud carried out by the Democrats and the deep state? Because Dominion Voting Systems is a Canadian company. And Scytl is run out of Spain. That’s right. Dominion is a foreign-owned company, which makes Dominion-based election theft a “foreign interference issue.” Scytl is connected to George Soros and the Democrats, and according to TGP (see below), “Bill Gates also owns stock in Scytl.” Dominion is Canadian, Scytl is from Spain; both represent “foreign interference” in US elections... with data routed through servers in Germany

Days after it was revealed how 2020 US Elections were rigged by Canadian Crown Agent Dominion Voting Systems through a so-called “glitch”, now GreatGameIndia has found involvement of another dubious foreign company in US Election meddling. The votes cast by Americans were counted by a bankrupted Spanish company Scytl in Spain. Like Dominion Voting Systems, Scytl has a long history of election fraud in various nations including injecting backdoors in its election software. The issue has prompted experts to question why the sensitive job of counting votes was outsourced to a foreign company? How could a bankrupted Spanish company count American votes in Spain? Due to such widespread fraud, the Chairman of the US Federal Election Commission Trey Trainor believes that the 2020 US Presidential Elections is illegitimate.

What people are missing in all this is that Trump’s 2018 executive order gives the DOJ the power to seize all assets of individuals and companies that were complicit in aiding or covering up this foreign interference in U.S. elections

Here’s what TGP reported: *The US government, once they determined that this Dominion server was involved in switching votes, then the intelligence community began a search for the server and discovered that the server was in Germany. In order to get access to that server and have it available for use in a legal manner they had to*

So far 2020 is like looking both ways before crossing the street and then getting hit by an airplane.

have the State Department work in tandem with the Department of Justice. They had to request that the government of Germany cooperate in allowing seizure of this server. By getting ahold of the server they now are going to have the direct evidence of when they were instructed to stop counting. They will also discover who gave the direction to stop counting and who initiated the algorithm that started switching votes. The CIA was completely excluded from this operation. It appears the CIA was using the same foreign data center to hack the US elections... and got caught. This is precisely why, as the Gateway Pundit reports, the CIA was kept completely out of the server raid operation that just took place in Germany. The raid was likely leveled against the CIA's own server farm that ran the remote Dominion hacking operation the night of the election!

It's not merely that the voting system companies whose hardware and software systems rigged the election were located in Canada and Spain; we're also told that part of the CIA's rigging of the election in real-time involved data being offshored to servers located in Germany and possibly Serbia. So there are at least **three or four foreign countries** involved in this election, and that doesn't even include China and Venezuela, who both had other roles in running influence operations to rig the election outcome in favor of Biden. (Funding for Dominion was also provided, it is rumored, from wealthy socialists in Venezuela.)

Now, Team Trump is in the process of gathering **irrefutable evidence of criminal collusion to carry out election interference**, and the cover-up trails will lead directly to Big Tech (targeted censorship and collusion with China) and the fake news left-wing media (gaslighting propaganda campaign to cover up evidence of foreign collusion).

Never bet against the Donald. **Trump has already won this election.** The treasonous enemies of America have already been caught. They will face criminal charges by the thousands as all this plays out, unless they flee the country first. And the DOJ is about to drop the hammer on the entire operation.

Trump no longer needs to win recounts, and he certainly doesn't need the media on his side. They won't be around much longer anyway. All Trump needs is to continue gathering evidence, prepare to present it to the world, and continue to garner support from millions of Americans who are ready to lay their lives on the line, if necessary, to defend this nation.

October Meet and Eat Luncheon at Perkins Restaurant

Seenagers, Submitted by Dan Church

I just discovered my age group!

I am a Seenager (senior teenager).

I have everything that I wanted as a teenager, only 55-60 years later.

I don't have to go to school or work.

I get an allowance every month.

I have my own pad.

I don't have a curfew.

I have a driver's license and my own car.

I have ID that gets me into bars and the wine store. I like the wine store best.

The people I hang around with are not scared of getting pregnant; they are not scared of anything; they have been blessed to live this long, why be scared?

And I don't have acne.

Life is Good!

You will feel much more intelligent after reading this, if you are a Seenager.

Brains of older people are slow because they know so much.

People do not decline mentally with age; it just takes them longer to recall facts because they have more information in their brains.

Scientists believe this also makes you hard of hearing as it puts pressure on your inner ear.

Also, older people often go to another room to get something and when they get there, they stand there wondering what they came for. It is NOT a memory problem; it is nature's way of making older people do more exercise.

SO THERE !

Sidney Powell: The bravest, smartest, fiercest patriot in America
By Carol Brown, *American Thinker*, November 17, 2020, Excerpts.

Sidney Powell is a force of nature as she exposes massive election fraud that swung a landslide win for President Trump to appear like a win for Joe Biden.

Undeterred by threats, she stands almost alone battling this shocking coup against our president. Most recently, she was interviewed by Mark Steyn where she described the breathtaking scope of this fraud against the American people. The level of corruption is extensive, deep, and broad.

Powell explains the tangled web of Dominion voting systems that were expressly designed to install dictators in Venezuela by manipulating votes. She states that the algorithm they installed on the systems for our election did not account for the massive landslide Trump was having on Election Night and thus the pause in votes so the algorithm could be recalibrated.

Powell also discussed the international scope of the fraud, including evil actors in China, Venezuela, and elsewhere, while elected officials here at home were also in on the scam, hoodwinking the public

How the election will be handled by the Supreme Court and thereafter, H/T: Jim Shea (arnoldgroup@earthlink.net) email him and get on his list, November 10, 2020, Submitted by Dale DeYoung.

From a Trump campaign insider:

"Ok in a nutshell. This is going to the Supreme Court. Where they will rule that the election is invalid due to fraud or mistakes on a countrywide scale. It will go one of two ways, either they will rule that all the unconstitutional mail-in ballots will be removed and the states ordered to recount without them or they will simply rule the election is invalid due to mass voter fraud and at that point it will be sent to the congress and senate for a vote.

This is where it gets good. The house/congress votes on who the president will be. It has nothing to do with what party has power. Every state gets one vote and 30 states are held by Republicans and 19 by Democrats. They have to vote down party lines; they have no choice due to the 12th Amendment of the Constitution, and the Senate votes for the Vice President where a similar event will take place. This is the law.

This is why the Democrats are so mad at Nancy Pelosi. This will all happen in January. The only way President Trump won't be president is if he concedes the election and that will never happen.

So, stop watching the fake news and don't let your heart be troubled—live your life knowing this will all work out. President Trump will remain president.

I have researched all of this and it is fact! Another fun fact, they called Gore the President Elect for 30 days in 2000 until the courts ruled against him and declared Bush the winner. And two people who were part of Bush's legal team were none other than new Supreme Court justices, Brett Kavanaugh and Amy Coney Barrett. Why do you think the Democrats tried so hard to keep them from being confirmed?"

**STOP THE STEAL MARCH
IN WASHINGTON, DC
IN SUPPORT OF PRESIDENT
TRUMP, NOVEMBER 14, 2020**

An American Patriot Call to Arms, By Randy Wedin, Edited Excerpts.

Fellow Republicans and American Patriots: After all the overwhelming computer corruption and fraud we've all seen, will the Republicans have the guts to present this to the American public? The American public is basically clueless about Hammer and Scorecard and those who have heard mention of those two think they are nothing more than a conspiracy theory. The Marxist Democrats are pressing hard for every Republican candidate to concede the election in order to void any legal action. Unfortunately, the Republican party is overflowing with spineless people who can't tell these Marxist extremists to shut up and let mandatory legal action take its turn in this chaotic election.

The Marxist Democrats set the environment to allow the computer "glitches" to happen. They purposefully set up the computer operation overseas to maintain deniability. The first words out of their collective mouths will be it is Russia's fault. They will deny, deny, deny, and it is up to us to hold them up to the fire, to make them accountable for their dastardly deeds.

Their corrupt scheme had little effect in Florida, Texas, and other Republican led states because most of the count in those states was over by 10 pm EST the night of the election, offering zero reaction time for their evil computer algorithms and vote changing to make a difference. It is only the states that refused to tabulate their absentee ballots ahead of time, purposefully adding days on after the election for their criminal counting and maneuvering. When they stopped election night counting for "administrative chores" it was really a preplanned stop in voting to see how many votes they needed to win and cheat accordingly. We Republicans let them get away with this and now we're paying the price.

When we start fighting as hard for the Constitution as the Marxists fight for their agenda, maybe we'll have a chance to save this country. We need to start standing up to Marxists and their lies—lies that are being told so often that the public accepts them as fact. When we force them to back up their outlandish lies with verifiable information, as they do Republicans now, we might muzzle some of their toxic rhetoric. When the silent majority finally understands that their silence is no longer golden and they have a voice that needs to be heard, maybe then our American Republic will have a chance to survive.

Right now, not even Las Vegas will take odds on America's survival. The swamp controls most of us and while President Trump has lowered the swamp water, no major swamp creatures to date have perp walked or spent a day in jail. I don't think even President Trump was aware of how deep the swamp really is or that it's fed by international springs that keep corrupt water and money flowing into it unabated.

There is nothing in the Constitution that requires a candidate to concede. Hillary sure didn't, and she's still contesting her loss four years later. The only thing she hasn't blamed to date, but should, is Hammer and Scorecard and maybe Dominion for failing to help her steal the presidency in 2016. On that day, the smugness of every Marxist Democrat was erased because they had been told they had that election in the bag, either the honest way or the cheating way—either way doesn't matter to them as long as it supports their holy agenda. To be a Marxist Democrat means you must trade in your morality, your integrity, and your God.

I implore each of you to continue with your efforts. You're doing a great job individually, but we need to become a Band of Brothers and Sisters. We must encourage others to join this grassroots effort to purge Marxism out of our country, our Republic. That's my goal from this day forward. Our Republic is in trouble, even if Trump retains the presidency. He needs our help now, but he will really need us in our revolution, our resistance should Biden steal the White House.

SURVIVING THE COVID-19 PANDEMIC

On average, a Panda feeds for approximately 12 hours per day.

This is the same as an adult at home under quarantine, which is why we call it a "Pandemic"

Be good to your spouse, Remember, right now they could poison you and it would be counted as a covid death.

YOU NEVER REALIZE HOW ANTI-SOCIAL YOU ARE UNTIL THERE'S A PANDEMIC AND YOUR LIFE DOESN'T REALLY CHANGE THAT MUCH

It's called quarantine coffee. It's just like normal coffee but it has margarita in it and also no coffee.

The time is now, not just before the next election cycle. It won't be easy, and as a team we need to prop each other up when we feel we can't take another step or when our mind is about to convince us that the Marxists are an unbeatable foe. We lose when we stop, but we more often win when we stay in motion, moving forward, constantly moving forward. We must Stay the Course and continue the call to action that Thomas Paine imbued in the American spirit so many years ago. Let us not let the spilt blood of so many American Patriots before us become meaningless and fade away.

True leadership is leading from the front. So, "follow me!" CPT Sooner

I Couldn't Have Said It Better Myself, Submitted by Rich Mazur

Here is my little bitty small issue with the whole, let us all be a "United States" again, from Joe Biden. For the last 4+ years, the Democrats have gone scorched earth. You have salted the fields and now you want to grow crops. The problem is we have memories longer than a hamster. We remember:

- the protests the day of/after inauguration.
- the 4 years of personal attacks and endless name calling
- "not our president" and the "Resistance..."
- being called racist and evil.
- Maxie Waters telling followers to harass Trump supporters.
- the president's press secretary being chased out of a restaurant.
- hundreds of Trump supporters being physically attacked.
- Trump supporters getting Doxed and fired from jobs.
- riots and looting.
- a "comedian" holding up the President's severed head.
- a play in Central park showing the killing of President Trump.
- Robert deNiro yelling "F__ Trump" at the Tony's
- Trump being accused of being a Russian spy and the media going with it.
- Nancy Pelosi tearing up the State of the Union Address.
- how totally in the tank the mainstream media was in opposition.
- non-stop in-your-face lies and open coverups from the media.
- the MSM cabal in 24/7 Hate Trump broadcasts.
- the press not holding Democrats responsible and hiding anything negative.
- conservative voices neutered by Tech companies (Facebook, Google, Twitter)
- the partisan impeachment.
- the president and his staff being spied on.
- Republican congressmen shot on a ballfield.
- every so-called comedy show turn into nothing but Trump hate fest.
- 95% negative coverage in the news.
- state governors getting everything to address COVID-19 then blaming Trump.
- leftists threatening outside the homes of prominent Republicans.
- the attempted vile destruction of Brett Kavanaugh.
